

PAKISTAN METEOROLOGICAL DEPARTMENT
REGIONAL METEOROLOGICAL CENTRE
46 Jail Road, Lahore

SN	Type of Data	Approved Charges	
		@	Pak Rs
1	Hourly Surface data (24 observations per day)	per station per year per meteorological parameter	18,000
2	Three Hourly Surface data (8 observations per day)	per station per year per meteorological parameter	10,000
3	Three mandatory Hourly Surface data {3 observations per day (05, 08 & 17 PST)}	per station per year per meteorological parameter	5,000
4	Daily Surface data (one observation per day)	per station per year per meteorological parameter	2,000
5	Daily Upper Air data (Radio Sonde)	per station per month per 5 meteorological parameters	3,000
6	Monthly/Annual/Decadal Data	per station per year per meteorological parameter	200
7	Sun Set & Rise	per station per year.	1,500
8	Wind roses or wind frequency tables	per wind rose in addition to cost of the data involved	8,000
9	Archived Data of Solar & Lunar Eclipse	Per set	10,000
10	One year ahead Solar & Lunar Eclipse	Per set	10,000
11	History of Tropical Cyclones/Storms of Pakistan	Per ser	10,000
12	Investigation Report on Wind Power Potential	Per Report for each station	10,000
13	Wind mapping Raw Data	Per Station per year	US \$ 1,000
